NOTE.—In the total figures published above, the discrepancies in the returns of wool by land-holders compared with those obtained by taking exports plus local consumption returns have been eliminated. As the result of exhaustive inquiries in New South Wales, South Australia, Western Australia, and Tasmania, the statistics for those States have been revised by their respective Statisticians. Pending similar action the figures for the remaining States have been amended provisionally on the data available at the moment.

Section VII.—Retail Price Index-Numbers—Food, Groceries, Housing, etc.

Note.—Commencing with the first quarter of the Year 1925 the basis of computation for housing accommodation was altered. Previously, the weighted average rent of all houses had been taken for the rent constituent. In the tables on this and the two following pages the weighted average rent of 4 and 5 roomed houses only has been taken. For comparative purposes index-numbers have been computed on the same basis for the years 1911, 1921, 1922, 1923 and 1924. The table on page 77 has been prepared for the use of the Commonwealth Court of Conciliation and Arbitration, and is based upon the weighted average rental of all houses in continuation of the series used by the Court for quarterly adjustment of wages.

Retail Price Index-Numbers.(a)—Capital Cities, 1911 to 1929.

Base in each Section :—Weighted Average of Six Capital Cities in 1911=1,000.

NOTE.—The index-numbers given in the separate parts of the table cannot be compared with each other in order to show the relative cost of (say) housing, and food and groceries, since the weighted average cost for the six cities taken together in 1911 in each group or combination is made equal to 1,000.

Note.—This table is prepared for the Commonwealth Court of Conciliation and Arbitration on a different basis from those given on the three preceding pages. As indicated by the heading in the table the rent constituent is based upon the weighted-average of all houses. It is comparable with those published in issues of the Quarterly Summary previous to No. 99, but not directly comparable with those on pages 74 to 76 of this issue, owing to the difference in the basis of housing accommodation.
